

## Quirky Quackers - Designer Ducks

**AT THE RENDEZVOUS RUMPUS fun day in Rendezvous Street  
Saturday 10th July 2010**

A day of family fun, entertainment and market stalls. Events included a fashion show, live music and an art auction. Other activities included a bouncy castle, an alternative duck pond, food stalls, mime artists, plants and flowers on sale, art mart stalls, face painting, t-shirt printing with digital photos created by children and lots more.

The entire event was in aid of raising money for St Peter's and St Eanswythe's Schools.

**Quirky Quackers**, devised by Deborah Crofts, attracted children of all ages. The idea was to catch a duck, design a duck and then decorate a duck. Plastic numbered ducks were floated in a paddling pool (an alternative duck pond) waiting to be caught and decorated. Ducks were then entered into a competition where the one judged to be the best won a gingerbread house.

A fun day for all involved and £32 raised!
